

# Razzolini Khiara

## FULLSTACK WEB DEVELOPER

**Phone:** +5493855102923

**Mail:** khiararazzolini@gmail.com

**LinkedIn:** <https://www.linkedin.com/in/razzolinik/>

**GitHub:** <https://github.com/razzolinik>

**Address:** Argentina, Santiago del Estero

### PROFESSIONAL SUMMARY

Programming student with experience in Fullstack web development, databases, and AI model training. Skilled in Java, Bootstrap, React, and MySQL, with hands-on practice building scalable applications and interactive user interfaces. Passionate about artificial intelligence, cybersecurity, and creating efficient digital solutions

### EXPERIENCE

#### **AI Training | Outlier**

**February 2025 - May 2025**

- Contributed to the training of large language models (LLMs) by evaluating code-related prompts and responses.
- Debugged and analyzed code across multiple languages, improving code generation quality

### PROJECTS

#### **Volkswagen Sales Advisor Informational Website**

- Built with React, TypeScript, Vite, and TailwindCSS. Delivered a responsive, modern interface with fast load times (sub-second rendering) and clean UI to improve customer-facing information access. View at: [www.razzoliniventas.com](http://www.razzoliniventas.com)

#### **Java EE Web-Based Note-Taking Application**

- Deployed on Glassfish 7.0. Implemented CRUD operations with MySQL integration, enabling users to create, search, edit, archive, and preview notes. Designed for scalability to support dozens of concurrent users with enriched text formatting.

### ACADEMIC BACKGROUND

- Computer Programming**

Universidad Nacional de Santiago del Estero,  
January 2023 - December 2027

- IBM SkillsBuild**

Cybersecurity, September 2025 - December 2025

- “Opportunity” Scholarship Program, English as a Foreign Language (EFL)**

ASICANA, April 2021 – December 2022

### CERTIFICATIONS

- Fullstack Web Developer**

Educación IT : Fundación Pescar : L'oreal Fund for Women : Fundación Karuna  
August 2025 - December 2025 (+220 hours)

- English C1, MET Certified**

- Artificial Intelligence Fundamentals, IBM SkillsBuild**

- Agile Explorer, IBM SkillsBuild**

### SKILLS

- Languages:** Java, C, C++, Python, JavaScript, HTML5, CSS3, TypeScript

- Databases:** MySQL, MongoDB, CRUD

- Frameworks:** JavaServerFaces, TailwindCSS, Bootstrap, React
- Runtime & Build Tools:** Node.js, Vite
- Version control:** Git, GitHub
- Other tools:** Excel, PowerPoint, Google Docs, Trello, Slack, Canva, Power BI
